John McDowell,
Director of Program Operations

June 9, 2008

Good Afternoon Ms. Melissa Millage,

The members of the Boys & Girls Clubs of Tucson had a blast at this year's Parks in Focus Trip.

All of our members enjoyed Red Rock State Park, Sunset Crater National Monument, Wupatki National Monument, Grand Canyon National Park, Marshall Lake and of course.... Slide Rock State Park.

The mission of The Morris K. Udall Foundation is dedicated to educating a new generation of Americans to preserve and protect their national heritage through studies in the environment and Native American health and tribal public policy.

Your mission was clearly met! Not only did our members receive free digital cameras, but were all exposed to new surroundings. In some cases, this was the first trip out of town for some of our members!

In the past 9 years, the Udall Foundation has made it possible for over 100 members to take part in an unforgettable journey of a lifetime, a trip that would have never existed, without the generous and on-going support of the Morris K. Udall Foundation.

One member said, "The Parks in Focus trip was fun. I met a lot of cool people. The best part of the trip was all the places we explored. I also received a new digital camera, thank you Udall Foundation" ~ Isabel Delany, age 12.

Once again thank you; it is events like this that truly make a difference in the lives of our youth!

Sincerely,

George N. Yslava
Youth Development Specialist
