

Udall Foundation
Data Governance Board
Quarterly Meeting – June 20, 2023

Topics addressed:

- DGB members reaffirmed the agency's commitment to strengthen its controls for controlled unclassified information (CUI).
- To that end, the CDIO presented a short overview of Microsoft Purview as a tool the agency may adopt in the future.
- The DGB also discussed the need to review which programs and enterprise activities are covered by existing agency, GSA, or OPM systems of records notices (SORNs) and what activities may require newly developed SORNs.

Action items:

- The DGB will further consider the adoption of Microsoft Purview at its FY 2023 Q4 meeting.
